Noticeboard

Sort and filter

You can filter the noticeboard according to those three criteria:

- **category (e.g. jobs, workshops, cooperations, ressources)**
- **sector**
- **city**

You can also simply click on one of the headers in the table to sort accordingly.

The screenshot shows the 'Noticeboard' interface. At the top, there are three dropdown menus for 'Category', 'Sector', and 'City'. A green 'Subscribe' button is in the top right corner. Below the filters is a table with headers: 'Date', 'Title', 'Author', 'Search for / Offer', 'Sector', 'Category', and 'Post valid until'. The 'Search for / Offer' header is circled in red, and a mouse cursor is pointing at it.

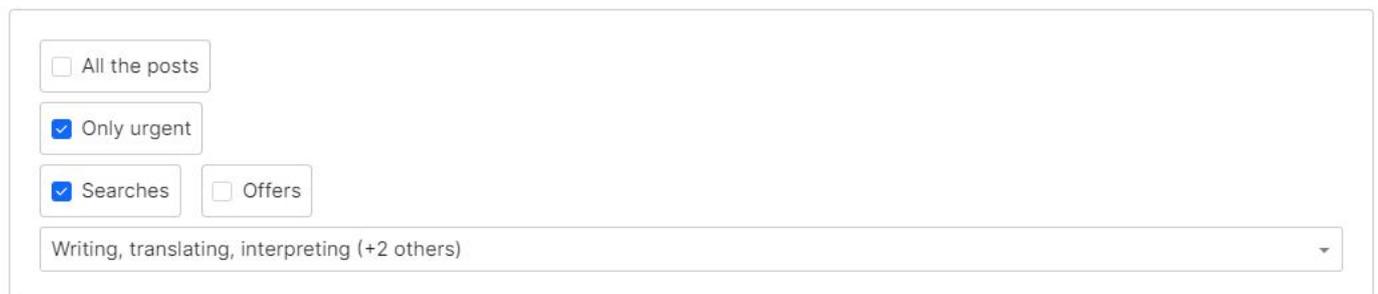

Subscribe

If you want to be posted on the new content on the noticeboard, you can subscribe in the top right corner.

A window will pop up where you can choose what kind of updates do you wish. If you choose all posts, you will receive one e-mail per week with the updates and another one with each urgent notice. You can also choose to receive only urgent updates or limit the updates to one sector.

If you decide to receive only urgent notifications, you will need to specify the sector as well as if you are subscribing to searches, offers or both.

Subscribe to receive email notifications whenever there is a new post in the category you are interested in. You can unsubscribe at any moment.

The screenshot shows a subscription selection window. It has three checkboxes: 'All the posts' (unchecked), 'Only urgent' (checked), and 'Searches' (checked). There is also an 'Offers' checkbox (unchecked). Below these is a dropdown menu with the text 'Writing, translating, interpreting (+2 others)'. At the bottom right, there are 'Cancel' and 'Subscribe' buttons.
