# 2. My Trainings: what you have to do

This page shows everything you have to do.

- At the top you see how much you have finished, your next due date and how many materials are late.
- Under **Upcoming deadlines** you see your mandatory materials, with the nearest due date first.
- Under each video you see how far you are (for example `0%`).
- The button says **Start** if you have not opened the material yet, and **Continue** if you have started it.
